learn the technology that they want to be into and build up their public profile especially in LinkedIn, I would really like to emphasize on LinkedIn, because companies will get an idea about your professional profile and it will help a lot in professional career, if used in proper manner. Students needs to be guided properly based on their skills, so that they can pursue career in field that they are meant for. Sometimes, student don't just realize it even after passing out from degree.

It would be great if this stuff can be taught in degree period itself, and I would love to extend my hand in contributing in this if needed.

From Me to Nikunj Patel: (Privately)
dear nikunj wonderful memories

From KIRIT MODI to Everyone:
Agree with you Nikunj

From Krunal Vyas-SPCE 2005 Batch to Everyone:
Thank you so much for this lovely and memorable session.

Feedbacks from alumni

- Rikesh Shah We have to be more flexible in changing the courses based on current market trend specially for CE & IT departments.
- Rahul Ranjan - Decision based on curriculum development based on future requirements. Whether its skills or demands.
- Collaboration with Online Platforms which has practical labs (Motivating students to do labs based learning)
Jobs Search and Application Process :
- LinkedIn Profile / Online Social Media Jobs Application Strategy and communication with stakeholders.
- Mentorship Programs from people in the respective filed.
Maybe 20 minutes per week from people specialized in those field.
- Prof. Mehul S. Patel Required Skill Evaluation System for Classification and Mentoring
- Jagdish Patel I am happy to join this meeting. I was a student and pass out from 2004 electrical batch
- Prashant Patel Hello everyone... I am Prashant Patel BEEC (2003-2007). Hello from Detroit, USA. It's so great seeing familiar faces of our wonderful processors though only few I can recognize. Thank you for arranging the virtual meet. Would love to meet you all in person when I'm in Visnagar next time.
- Nirav Hello Everyone, Good Morning This is Nirav Shah from 2005 Mechanical batch. It is very nice to see everyone specially DAP sir and DSP sir. Thank you for arranging the such Virtually meet.
Stay Safe & Stay Happy
- Nikunj Hi Everyone, This is Nikunj Patel, BEIT from 2001 to 2005. I am pleased to be part of such a great virtual event after many years.

Thanks for all organisers for such a great event. I don't know all HODs and professors joined today but I remembers Dr. Yogesh S Patel. Also remember first year Civil labs and lecturers. Thanks you YS Patel sir. I also received news that Manoj B Patel returned back to SPCE. We still remember your classes and labs, specially pointers in OOP.

Thanks again all.

Hey everyone Good Morning! Thanks SPCE management for organizing this Alumni meet virtually. Happy new year to all. Hello to all my seniors, batch mates and juniors. And a very special hello to 2006 batch mates. As of now from my side, I seems things are good and going well, as It's been a long time getting disassociated with college (although there were few time meeting with Faculty and batch mates), can't make any comments for any improvements beside fact that lots of improvement might have been made. Will surely notify for anything to be shared.

Bhavan Patel

Hello,

I am Bhavan Patel

From Batch: 2010(CE)

Number: 9913837393

Currently Working as a Software Engineer.

Suggestion: Put more efforts to improve practical clear of students and clear the depth of any language and architectural stuff. Organization can conduct monthly/weekly challenge of practical over all organization. For CE/IT people we can arrange code

challenges. I would like to give my efforts to make my college better and students in terms of technical education needed in future area of growing techs

Avani Gupta

Thank you so much respected members. I really feel that especially in the last 1-2 years of degree students should be given career guidance, what is actually working out in industry (whatsoever industry one is interested in), trending technologies, provided with online ed tech platform to learn the technology that they want to be into and build up their public profile especially in LinkedIn. I would really like to emphasize on LinkedIn, because companies will get an idea about your professional profile and it will help a lot in professional career, If used in proper manner. Students needs to be guided properly based on their skills, so that they can pursue career in field that they are meant for. Sometimes, student don't just realize it even after passing out from degree. It would be great if this stuff can be taught in degree period itself, and I would love to extend my hand in contributing in this if needed.

Press Note

Sankalchand Patel College of Engineering, a renowned college in the North Gujarat Region which is managed by Nootan Serva Vidyalaya Kelvani Mandal celebrated Virtual Alumni Meet due to current Covid-19 pandemic Situation on 21st November, 2020, Saturday. Shri Prakashbhai Patel, President and Chairman of Sankalchand Patel University who gave his blessing to the alumni and wished them for a bright future. Dr. V. K. Srivastava, Provost, Sankalchand Patel University asked alumni to provide necessary guidance to the current students in the research project under the 'Student Start-up & Innovation Policy (SSIP)' at The Sankalchand Patel University and also told the alumni to make their necessary contribution to the inclusion of The Sankalchand Patel University in the top ten universities in the country. Dr. D. J. Shah, Chairman of Alumni Association and Principal of Sankalchand Patel College of Engineering who laid emphasis on the teaching-learning process which was benefited to the current students by the expertise of the Alumni and their active involvement to cater their mentorship among the students to acquaint them with the industry ready skill-sets which in turn enable the students to be absorbed by the industry. Further, he suggested to organize the "**Memorial Lecture Series**" from the alumni. Further, he called upon the Alumni to start a local chapter of alumni in his own city and assured all possible assistance from the institute in this process. Prof D. H. Patel, Member Secretary of the Alumni Association, informed to all about the purpose and functions of the association. Many students from India and from other countries of the world like The U.S.A., Canada, Australia, New Zealand along with current students and professors participated in this Virtual Alumni Meet. At the end of the Virtual Alumni Meet Prof Dhruv H. Patel delivered a Vote of Thanks.

Shri Prakashbhai S. Patel, the chairman of the institute and Dr. D. J. Shah, Technical Director has provided necessary guidance and support to make this Virtual Alumni Meet a success. Prof D. H. Patel, other staff members and students had also contributed to make this event successful.
