OFFICE ORDER:

Subject: Equal Opportunity Cell (EOC)

Indian society has a rich diversity in terms of religion, caste and culture which is characterized by social division, and this may lead to inequalities and create barriers to access the important resources to disadvantaged sections of the society. These sections especially include the Scheduled caste, scheduled tribes, other backward classes, women, minorities and differently-abled persons.

To cater to these groups, an Equal Opportunity Cell is set up under the aegis of Sankalchand Patel College of Engineering, Sankalchand Patel University to make the education system inclusive and responsive to their needs and constraints.
